# Company Profile

**Winox International** is a global leader in the manufacturing of high-quality electro-surgical instruments. Established in 2007, we have built a reputation for excellence in providing innovative and reliable electro surgical instruments to hospitals, healthcare professionals, and distributors worldwide.

Certified with ISO 9001:2015, ISO 13485:2016, and CE MARK, **Winox International** is committed to delivering top-tier products backed by a 100% satisfaction guarantee. Our dedication to quality and precision is at the heart of everything we do, ensuring that every instrument we produce meets the highest industry standards.

As a leading manufacturer of stainless steel instruments, we pride ourselves on customer satisfaction, which we achieve through a unique blend of young, energetic, and highly motivated personnel working alongside experienced professionals. This collaborative approach enables us to provide exceptional Instruments at competitive prices.

## What We Do

At **Winox International**, we manufacture a comprehensive range of stainless steel electro surgical instruments used in a variety of medical procedures. Our inventory includes both standard instruments and custom-made solutions tailored to specific customer needs. We maintain an extensive stock of instruments, ensuring quick and reliable delivery for our clients. Additionally, we offer custom instrument manufacturing to meet the unique requirements of our customers.

### Mission Statement

Our mission is to provide superior professional service and high-quality instrumentation to enhance the confidence and success of our customers. Winox International is dedicated to fostering long-term, mutually rewarding relationships with our customers, employees, and business partners. We operate with the highest ethical and professional standards, always striving for excellence in every aspect of our business.
